Dear customers

Micronel AG, Zürcherstrasse 51, 8317 Tagelswangen confirms the compliance with the following directives of the European Community for the whole product range (exceptions mentioned):

- 1) Directive No 2011/65/EU RoHS II & No 2015/863/EU & No 2017/2102/EU RoHS III**  
Restriction of use of certain hazardous substances in electric and electronic equipment  
Exceptions: none
  
- 2) Directive No 1907/2006/EU REACH**  
Registration, evaluation, authorization and restriction of chemicals, with all obligations as down-stream-user. Micronel is continuously monitoring adaptations and updates of the candidate list  
<http://echa.europa.eu/web/guest/candidate-list-table>.  
Should it turn out that the manufacturing of Micronel products you are using for your applications requires more than 0.1 mass percentages of chemicals specified on the ECHA list, we will inform you immediately.
  
- 3) Directive No 1021/2019/EU POP**  
[Regulation \(EU\) No. 2019/1021 on persistent organic pollutants \(POP\)](#) regulates substances that are subject to the global Stockholm Convention on Persistent Organic Pollutants within the European Union. Appendix I of the POP Regulation lists the substances and limit values of banned substances.

Micronel is aware of the responsibility and commitments arising from the mentioned directives. In case of possible changes, we will inform customers and suppliers accordingly.
